

2nd Grade Summer Reading 2025

Let's continue building vocabulary and exploring great adventures through the reading of story books, fiction and nonfiction.

We have a plan in place to keep our rising second graders reading through the summer months. For rising second grade readers, I encourage each student to read and record a minimum of 20 books during the summer months. To complete this summer reading assignment, please read and record each book read on the attached reading log.

We will celebrate the love of reading with all students mastering the completion of this assignment and returning the completed reading log in August by celebrating with game day in our classroom and on the playground in August or September.

Please assist your child in locating books of his/her interest and level of reading by visiting a public library since our AR room at David Emanuel Academy is currently undergoing renovations. Should you need to find the level of a book, you can search on the Scholastic website at: www.Scholastic.com/bookwizard/

[Free Children's Books - Stories, ebooks, textbooks, and much more](#) offers books for different ages/grades, many subjects that can be downloaded to read.

Off you go for a summer filled with family fun and story book adventures!
Remember reading is the key to take you where you want to be! Be a **RED** reader!

Read
Every
Day

I look forward to seeing and hearing about the books read. Be ready to share which of the books was your favorite and tell us about it in class in August.
